“ It was weird to get up on Saturday morning and Donnie wasn't there. It was even weirder on Sunday. He always started the fire and got things ready for myself and Darwin. I remember the first time I ever met him, which was a long time ago. I met him as a friend of Joe Oxenrider, and then someone, I think it might have been Bob, said his nickname was Cupcake. Well, he didn't want anyone to know about that, but I latched onto that like a pitbull and he's been Cupcake ever since!! I know he hated it, but dig the spur I say.

He was with me when I bought Darwin his first shotgun and then he gave him the traditional used underpants cleaning kit.

He was with us rooting for the Steelers every time they played.

I bought him the SIXburgh shirt, and he wore it proudly every time.

He was our co-pilot on a lot of poker runs.

He was a great friend, and we will miss him terribly!

RIP Cupcake.

“ So sorry to hear about the passing on Donnie. Although we have not spent time together recently, we have a lot of good memories of the fun times we spent together as young families, boating, camping and just being together and having good times. Please accept our sympathy in your loss of a son, father and friend. We will never forget him and the good memories we have of him.

Sincerely,
Deb and Jeff Leitzel
