“ Donnie, As a classmate and childhood friend I will always remember the good times we had growing up. You always loved sports and I will always remember the knot you gave me on my forehead while swinging a baseball bat while walking home from grade school. We were best of friends ever since. I will remember the back alley football games in Millersburg, the trick or treating at Halloween, and cruising around in your 1958 Chevy Impala. Rest well my friend and I will meet you again in heaven some day and we will pick up where we left off!
