“ I did not have many encounters with my Uncle Jim, but the memories I do have are all filled with laughter. He was funny and loved to devil me, like the time he chased me with his false teeth.

“ I had you for seven years. We had our ups and downs. Now you are with Jesus and you can hear perfectly and walk without falling down. I miss you. Take good care of Suki till I get there.

So sorry for your loss! I have such wonderful memories of my cousins, Jim & Ruby!! Jim & Ruby, Jimmy and Judy would go camping with my parents and me and my sister in Delaware. We started out using tents and later we had campers. I loved our times together. I loved Jim & Ruby, Jimmy, Judy and Mike! In later years I stayed with them in Wrightsville, always friendly, always welcoming. I will miss him.
