“ Prayers and thoughts are going out to the whole family. Treasure all your memories as I'm sure there are many. Yut will be missed by all. So many good memories. We will always remember all the jokes, laughter and card playing. He sure could put a smile on everyones face, even if you were having a bad day he could bring a smile to your face. He was loved by all. RIP my friend.

“ Our thoughts and prayers are with everyone touched and blessed by having Yut in their lives. I feel so very blessed that I could call him my Pappy, even though we were not blood related. He brought so much joy to my Mammy Williard and all of us and I miss him so much already. He loved deviling me and Brian when we dated, always had us cracking up laughing. He also made my wedding perfect when he danced with me and I cherish that memory. He loved my children like they were his own great-grandkids and my kids also think of him as their "great-pappy Yut". He brought so much fun and laughter to everyone who knew him and we all will miss him till we meet again.
